65. CHAIR'S REPORT AND URGENT ITEMS

There were none.

66. PUBLIC FORUM

There were three members of the public present.

66.1 Councillor Squires addressed the Committee from the public gallery. Regarding agenda item 8.1, Museum Periodic Report, he suggested that the volunteering opportunities in the museum should be more widely advertised to recruit local volunteers and residents with local knowledge and artefacts to come forward. Drawing Members' attention to the Museum Action Plan, he expressed concerns about the proposals for the rationalisation and disposal of museum items. Stating that in his view, this could jeopardise the acquisition and retention of local artefacts. He also urged the Committee to proceed with the acquisition the jug from former Littlehampton residents detailed in the report.

66.2 In response it was noted that the refocusing of work in the Butterworth Gallery, aimed to provide an opportunity to engage with residents and to encourage them to come forward with information about the local area. The Assistant Town Clerk explained the process of recording artefacts on MODES (Museum Object Data Entry System) and assured Members that no decision regarding the rationalisation of artefacts would be taken without consideration of the information held about them in conjunction with the Collections Development Policy. The review of the Collections Development Policy would ensure that items relevant to the Town were retained and provide clear guidelines for dealing with all other artefacts.

66.3 Mr Terry Ellis addressed the Committee on a number of points. He highlighted the need for a strap line for the Town and asked the Committee to reconsider this as part of the branding for Visit Littlehampton. Drawing Members attention to the Visit Littlehampton website he suggested that the website be advertised through the Town Council's publicity channels and stressed the importance that the information was kept up to date. Mr Ellis suggested that events listings should be physically provided throughout he Town e.g. side of commercial premises in Highstreet. Regarding the Christmas Illuminations, he sought clarification on the costs relating to the Christmas tree and asked if the provision of a snow machine had been explored for the event.

66.4 The Chair thanked Mr Ellis for his comments which were noted. The Assistant Town Clerk provided clarification regarding the cost of the Christmas tree and it was noted that the cost was due to the size, haulage, installation, decoration and removal. Regarding the provision of a snow machine it was noted that this would be considered as part of the 2019 event.

68. OFFICER'S REPORT

68.1 Museum Periodic Report

The Committee received a report (previously circulated) which outlined the Museums' events and exhibitions and set out the social media

statistics and visitor figures. Members were informed that the Museum Curator was moving on at the end of the month and that options to fill the post were being explored. The Committee was asked to consider a potential acquisition circulated at the previous meeting following the presentation of more detailed information. It was noted that the acquisition followed the Collections Development Policy and would add to the social history and ceramics collection for the Town. It was therefore **RESOLVED** that:

- 1) **The acquisition of item listed in 3.5.1 of the report be approved.**
- 2) **The report be otherwise noted.**

Councillor Tandy joined the meeting at 6:55pm.

68.2 Events Periodic Report

The Committee received a report (previously circulated) that provided updates on the 2019 Pancake Olympics and further information relating to the applications for event support funding. The Committee proceeded to consider the recommendations as presented in the report.

68.2.1 Charity Pancake Olympics

The Committee received information on the eleventh Charity Pancake Olympics held on Saturday 2nd March 2019. It was noted that there were thirteen teams in total, four of which were new to the competition. It was **RESOLVED** that:

The outcome of the Charity Pancake Olympics as set out in paragraphs 3.1.1 to 3.1.4 of the report be noted.

68.2.2 Event Support Fund

The Committee received further information regarding the two applications for the event support fund circulated at the last Committee. It was noted that the fund was set up to support and encourage new events in the Town with the potential to become an annual fixture. It was therefore **RESOLVED** that:

The two requests for event support funds detailed in Appendix 1 (paragraphs 3.2.1 to 3.2.4 of the report) be approved, in principle and delegated back to the Town Clerk for final sign off following due diligence.

68.2.3 Armed Forces Day

The Committee received information regarding the plans for Armed Forces Day on Saturday 29th June 2019. Following the retirement of the current Flying Display Director (FDD) the Committee was asked to consider a recommendation to replace him with a representative from

R5 Airdisplays. This was a specialist role and options to obtain a competitive quote were limited however, the quote received was in line with the 2018 costs of the service. It was therefore **RESOLVED** that:

The R5 Airdisplays be booked to act as Flying Display Director for Armed Forces Day 2019 (as set out in paragraphs 3.3.1 to 3.3.3 of the report).

68.2.4 Stage By the Sea

The Committee received details of the plan developed by LOCA which outlined a programme of events planned for June and August. The Assistant Town Clerk informed Members that Vinx were now unable to perform at Stage By the Sea and that the Harriot Earis Trio had been booked to replace them. It was therefore **RESOLVED** that:

The programme for the Stage by the Sea (paragraphs 3.4.1 to 3.4.2 of report) be approved.

68.2.5 Christmas Light Switch On

The Committee received information regarding the proposal to change the date and time of the event to appeal to families with young children. Members were asked to consider moving the event to a Saturday and once approved further details of timings would be circulated to Traders for discussion and confirmation. It was therefore **RESOLVED** that:

The change in principle of the date for the Christmas Lights Switch On be approved and authority be delegated to the Town Clerk, in consultation with the Chair, to agree the final date.

68.3 Visit Littlehampton

The Committee received a report (previously circulated) that set out the background to Visit Littlehampton and sought Members views on proposals to explore an expanded tourism function and the focus of the brand. In light of the recent closure of the Look and Sea Centre, it was considered that the loss of the tourist information point had left a gap in the availability of visitor information. Members considered it a priority to promote events and a wider variety of attractions. Members wished to see the Town Council's existing promotional material be more consistent and monitored to ensure it was up to date. The Committee was content with the current focus of the Visit Littlehampton brand. Observing that there were likely to be resource implications for any additional tourism function it was therefore **RESOLVED** that:

The current focus be endorsed, and officers explore an expanded tourism function with a holistic approach and

**bring a report back to the Autumn
Committee cycle.**

Councillors B Blanchard-Cooper and C Blanchard-Cooper left the meeting at 7:02pm.

68.4 SPACE Grants

The Committee received a report (previously circulated) that set out the applications received from groups and organisations for the SPACE grants programme 2018/19. It was noted that the total awards recommended was £900 and it was therefore **RESOLVED** that:

**All Grant applications received (Appendix
A of the report) and awards for activities to
take place in the school holidays of 2019
be agreed.**

Councillors B Blanchard-Cooper and C Blanchard-Cooper re-joined the meeting at 7:05pm.

68.5 Small Arts Grant

The Committee received a report (previously circulated) that outlined the details for the Small Arts Grant application from the Littlehampton History Research Group. It was noted that the grant was for the publication of 50 books providing a brief history of well-known people associated with Littlehampton and notable residents. It was thought that this would be a popular publication and Members noted that the group could apply for further funding should the book be successful. It was therefore **RESOLVED** that:

**The Small arts Grant of £225 for the
Littlehampton History Research Group be
approved.**

68.6 Christmas Illuminations 2018

The Committee received a report (previously circulated) that set out a review of the second year of the delivery of the current three-year contract for the supply and installation of the Town's Christmas illuminations. Members views were sought on the current elf theme and the installation of wall mounted motifs in East Street. Members wished to retain the elf theme and agreed to rotate the designs and see one elf return and one new elf design created for the 2019 display. Members were also supportive of the addition of wall mounted motifs in East Street.

68.6.1 Regarding the Christmas lights display in Wick, the Assistant Town Clerk explained that changes to the power supply specifications would affect this year's illuminations. Consequently, an alternative means to powering the illuminations in Wick had been investigated. It was noted that the costs of the additional infrastructure works relating to the Town Councils lighting scheme in Wick would be met from the 2019/20 Christmas illuminations budget. Additional infrastructure works relating to the Wick Village Traders Scheme, would if approved by Wick Village

Traders Scheme be met through the Morrisons S106 funding. It was therefore **RESOLVED** that:

- 1) One newly designed projected image be arranged for 2019.
- 2) The inclusion of additional wall mounted motifs in East Street on two businesses be approved.
- 3) The difficulties in creating a shop mounted display in Wick Street be noted.
- 4) The costs of the alternative means of powering the Christmas lights in the natural trees located at the front of Wick Parade be agreed and delegated to the Town Clerk, in consultation with the Chair, for progression of a solution.

68.7 Keystone Centre

It was noted that the community engagement exercise had finished on Friday 8th March 2019 and a report on the next steps would be presented to Full Council for consideration on the 28th March 2018. It was **RESOLVED** that:

The update be noted.

69. FINANCE

69.1 Committee Budget Monitor 2018/19

The Committee received a report (previously circulated) highlighting significant variances from the Budget in terms of income and expenditure relating to this Committee's Budget. Members supported the further extension of the Littlehampton Quaker's grant and sought clarification regarding the community income. The Assistant Town Clerk agreed to circulate this information to Members after the meeting. It was **RESOLVED** that:

- 1) A further extension of the terms of the Littlehampton Quakers grant be approved on the understanding that they will be excluded from making an application to the 2019/20 Grant Aid programme.
- 2) The report be otherwise noted.

Pledges would only be charged if the project hits its funding goal of £6,051 by 31 July 2019. The club had written to local businesses to ask if they would assist in the improvement of the floodlights. The Football Foundation funding schemes would also be explored. An application for Grant Aid had been submitted to improve the derelict premises at the Sportsfield currently occupied by the Littlehampton Musical Comedy Society. The Lawn Tennis Club pavilion would also need refurbishment despite obtaining fittings from the Croquet Club. www.spacehive.com/Sportsfield and pledges can be made at www.spacehive.com/Sportsfield/pledge.

Littlehampton Croquet Club

The Grand Opening of the club would take place on Sunday 5th May at 2pm. The response had been poor but over 70 people had confirmed their attendance. The club had lost their playoff against Ealing by one game in Guildford. The club had 53 playing members and 3 other active members. The club house had almost been finished and the topsoil had been put down. The paint at the back of the clubhouse had peeled and would need stripping and repainting. The solar power had received great feedback. The club had received a biannual award as a progressive club in England.

Arun Youth Aqua Centre

The club had been preparing for the start of the new season on Sunday 5th May and had been offering powerboating and first aid courses. The club's 'oppies on the lake' event would take place as planned. Screening would be installed after complaints from residents in the flats in Hendon Avenue.

Littlehampton Swimming Club

The new pool had had a positive impact on the club. A 7th placed finish had been achieved in the Sussex relays, including 4 bronze medals. The club had experienced a good season individually with one member becoming the youngest ever finalist in Sussex; competing in the under 11's category Sussex at nine years old. A 12 year old member also achieved a bronze medal as the club finished 8 out of 17 clubs. The club had more para-swimmers than many of the Mid Sussex clubs and had been competing in Southampton, Liverpool and Glasgow. Para-swimmer Caleb Grace, a beneficiary of a Sports Excellence Grant in 2018 had competed in the Championships in Dubai. 350 individuals swam at the Easter open meet at Arun and were watched by over 300 spectators. The new timetable had enabled the club to recruit more adult swimmers, whilst the new pool had been shared with the aqua aerobics' participants. The club had been able to clear their waiting list as new members had joined the club. The facilities at the club had been well received and the club was experiencing high turnover. There had

still been a struggle to recruit volunteers, but 10 new qualified officials had been working with the club as well as Chichester and Bognor. The club was still having to rely on a referee based in Eastbourne.

Arunners

Peter Davey had been elected as the new Secretary for the club and Ian Reader had been elected Chairman. The club had held their AGM in February. 146 members had registered for the year, done from the previous year. The club would host their beach run on Wednesday 22nd May and had planned both adult and child races. The Littlehampton park runs had been very successful.

Littlehampton Cricket Club

Pre-season games had taken place in preparation for the start of the new season on Saturday 4th May. The four men's teams, colts club and Sunday team would all be playing their opening fixtures on the 4th. The club had been encouraging children from 5-8 years old to participate in the ECB Allstars. The 3rd and 4th teams had still been playing their home fixtures in Goring and Amberley respectively, whilst the 1st and 2nd teams had been playing in Littlehampton. The club had approached the England and Wales Cricket Board for a grant to digitise the pavilion. The grant had been used to install broadband, laptops and televisions. The refurbished room would be available for other clubs and organisations to use two evenings a week and would accommodate over 50 people.

David O Jones

David O Jones had provided a trophy and engraving service since the closure of C&M Trophies. The period from January to March has been very quiet. A Council grant had been issued to improve the shop.

Littlehampton Golf Club

The Granddaughter of Mr Howard Ockenden has approached the Museum to offer a range of items for possible acquisition. The Stamps and Stencils

The Printing Blocks

3.2.4 All of the items referred to in 3.2.2-3 are recommended for acquisition by the Museum. They give a varied insight into the history of Littlehampton's retail offer and if accepted in to the collection would make an interesting public display in one of the permanent exhibition cases in the future. Local people associated with the Ockendens have also offered to volunteer to provide a greater in-depth insight into the objects and their history which will enable greater interpretation for the public. These items also follow the guidelines for future collecting within the Collections Development Policy, particularly paragraph 4.4.2, relating to future collecting of Social History.

Both events ran from 10am to 12pm. A third session was provided at Rosemead Park with the Freedom Leisure team only.

Arun Youth Projects Monthly Report

April 2019

Introduction

This report sets out the recent attendance figures from April 2019. The report includes information on the number of sessions delivered, the number of different young people attending sessions, as well as a breakdown of attendance by age, gender, and electoral ward. The report will also provide details of volunteer support hours completed and an update on the new AYP Detached Youth Work Service.

Performance Metrics

Universal Sessions

The service delivered 17 sessions in out of a possible 17. There were no session closures in April.

Topics covered during the sessions this month include:

- 'Cook and Eat' with the Wickbourne Centre chef – This month saw the chef visit the Southfields Jubilee Centre. The young people had the opportunity to learn how to make a Risotto. Many of them had never eaten a Risotto before, but the food was very well received.
- Knife Crime – We looked at how knife crime is affecting young people in the UK and how this is impacting the lives of young people locally. The young people were challenged around their opinions of knife crime and looked at what can be done to stop the crime.
- Easter Fun – During the Easter Holidays, we had lots of fun with Easter scavenger hunts, Easter egg hunts and arts and craft.
- Sport/Exercise - Most sessions now include some form of physical activity, this included football and basketball. Due to an increase in daylight hours, we are now able to utilise the outside space at both Centres.

Next month we look forward to welcoming the Wickbourne Centre Chef back to the Keystone Centre (Thursday Drop-In Session) for another 'Cook and Eat' Session.

He will be teaching the young people how to cook up another culinary treat. The idea of these sessions is to equip the young people with the skills and knowledge of cooking simple meals they can cook for their families. They can also use the skills learnt in the next level of their education. We engage with many young people that are interested in Catering as a career choice, so these sessions are a great way of learning basic culinary skills such as food hygiene, food preparation and basic cooking techniques.

Outreach Sessions

There were no Outreach sessions delivered in April.

Volunteers Hours

There was a total of 57.5 volunteer hours delivered in April. The volunteer hours were recruited at the following sessions:

Seniors @ The Keystone Centre

1 x Volunteer at 2.5 Hours (3 Sessions) = 7.5 Hours

Juniors @ The Keystone Centre

5x Young Leaders at 2.5 Hours (4 Sessions) = 50 Hours

57.5 Hours in Total.

AYP Detached Youth Work Service

Arun Youth Projects have been given the exciting opportunity to set up two dedicated Detached Youth Work Teams in Littlehampton and the surrounding areas. This project will sit within the middle tier of the service as a focused project work. It will utilise grant funding awarded to the Arun Community Safety Partnership.

Detached youth work is a model of youth work practice, targeted at vulnerable young people, which takes place on young people's own territory such as streets, cafes and parks at times that are appropriate to them and on their terms. It begins from where young people are in terms of their values, attitudes, issues and ambitions and is concerned with their

personal and social development. It is characterised by purposeful interaction between youth workers and young people and utilises a range of youth and community work methods (The Princes Trust - 1998).

We will now provide two teams consisting of two youth workers per team who will each undertake regular weekly detached youth work sessions for up to 2 hours (4 hours outreach in total per week being delivered) in identified hotspots within the East Arun area. This will be a needs led, intelligence-based response to local concerns and to identify and provide early intervention for young people where there are concerns of being drawn into exploitation and serious violence.

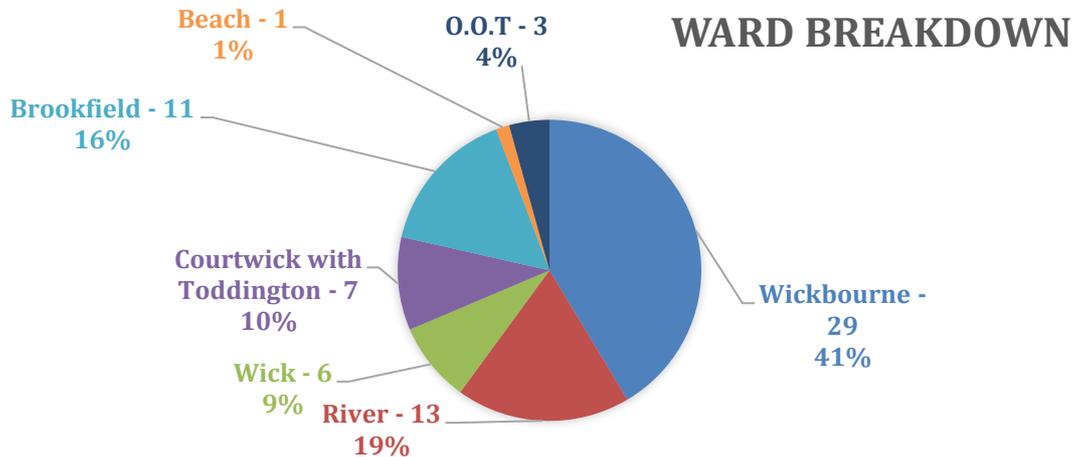

The aim of the Detached youth work service will be:

- To deliver high-quality support and advice to young people at risk of criminal involvement.
- To reduce harm caused by serious violence and reduce the prevalence of serious violence.
- To provide a detached service to young people for 50 weeks of the year.
- To connect with vulnerable or hard-to-reach young people.
- To gather intelligence on young people's opinions and activity.
- To gather and share with partners intelligence on any criminal or anti-social behaviour.
- To provide young people with timely and accurate advice or information.
- To signpost young people to other appropriate services.
- To improve local multi-agency partnership working.

We are currently in the recruitment phase of this project. The closing date for applications is Friday 24 May. The next step will be to provide the two teams of youth workers specific detached youth work training before the start of the sessions. The project will start delivery in June 2019. More information regarding the details of the detached youth work service will be provided in future reports.

Session Attendance Breakdown

Ward Breakdown

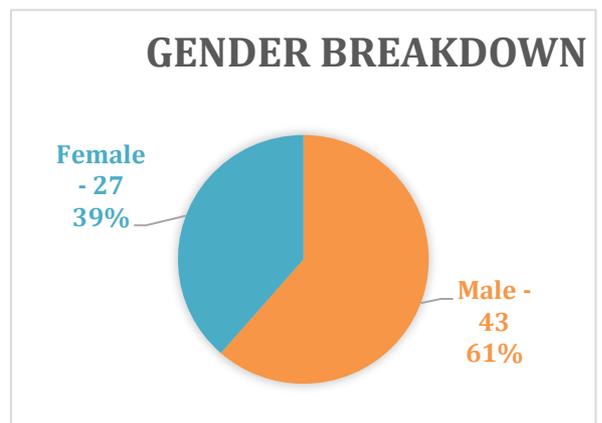

The chart above highlights the ward breakdown of the attendees across the service. The highest percentage of young people accessing the service are from Wickbounre Ward with 46%. 29 young people from the Wickbourne Ward attended the service in April. This shows a small decrease since March.

Last month saw an increase in attendees from the Brookfield Ward. The statistics show a further increase in April. 16% of all young people attending the service currently live in the Brookfield Ward. This month's increase could, however, be due to the recent re-classification of the Ward boundaries.

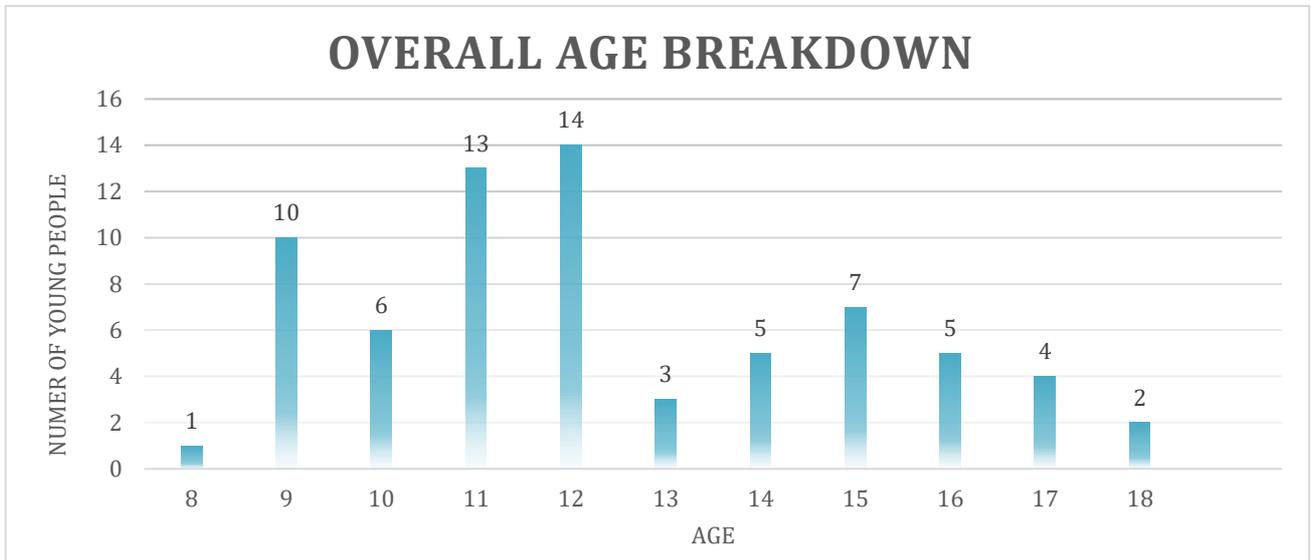

Gender Breakdown

The chart shows the gender breakdown of the young people attending the AYP sessions.

The split is showing many young people attending the service are Male with 61%. The gap between Male and Female attendees has increased again for the second time this year. However, there was an increase in attendance of both male and females since the beginning of the year.

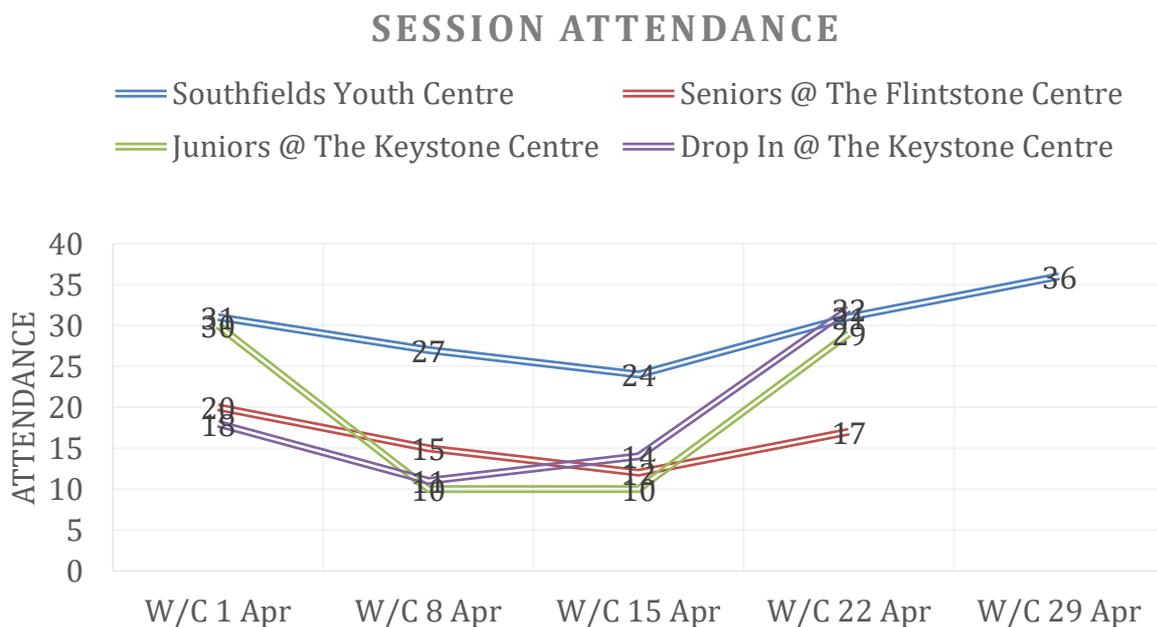

Age Breakdown

The graph highlights the age breakdown of all the young people attending the sessions. The 11-12 age bracket is showing as the highest level of attendance. This age group has grown over the last two months, due to an increase in attendance from young people currently in School Year 7 at the Southfields Youth Club Session.

Session Attendance

Overall the service has had 367 attendances across all sessions. This can be broken down into 70 different young people (defined as 3+ hours of engagement by an individual within one calendar month).

The graph above highlights all attendance recorded at each session in April. There was a clear dip in attendance at all sessions over the Easter Break. However, there was still a high level of attendance recorded over the month, compared to the figures in April 2018.

The Southfields Session continues to reach high levels of attendance, even with the Easter break the session attracted around 25 young people. This is usually unprecedented in the School Holidays.

The ‘Seniors’ Session continues to attract a steady level of attendance; this is slightly lower than in previous months, but this is still a positive number of young people attending the sessions. The Thursday ‘Juniors’ and ‘Drop-In’ sessions recorded high levels of attendance during

Report by: Town Clerk

Subject: Keystone Project Update

1. Summary and update

- 1.1 The Town Council is currently committed to delivering a youth facility to replace Project 82 and the Keystone Centre. Throughout 2018 the Town Council held exploratory discussions with the District Council and community groups to identify proposals for a youth hub in Wick. In the latter part of that year a way forward was agreed by both authorities to deliver a new building providing facilities for young people and the community as a whole and more specifically, to add greater value than simply a meeting place. The Town Council is leading on this project that aims to deliver better value services that will improve young people's lives including improvements to the existing outdoor play facilities. In support of the project, the District Council has agreed in principle to provide land opposite to the existing Keystone Centre for this purpose by way of a lease for the footprint of a new building.
- 1.2 During February and March 2019 a community engagement exercise was carried out to gather views regarding the priorities for the new Centre and to generate ideas for the shape of future provision and inform a feasibility study. The output from this exercise was reported to Full Council on 28th March 2019. Although the response was limited, the feedback, including that from the current Keystone Centre Management Committee, was largely supportive and the investment in a new facility welcomed. A broad outline for a feasibility study was agreed and authority delegated to the Town Clerk, in consultation with the Chair of the Property and Personnel Committee to commission this work. This will inform the final design for the redevelopment of the Centre including service provision and a final budget for the project.
- 1.3 The outline feasibility study brief has been shared with the District Council and an extensive review has concluded that further work to develop the brief is required, particularly to ensure that a key objective, the capacity for increased daytime use is not lost. The broad scope of aspirations for the new facility suggest that a latent demand analysis would be required for facilities such as sports and other uses e.g. – childcare / crèche facility, health and wellbeing services to see what demand there may be to inform requirements beyond that of what is already known for the existing Keystone building. The flexibility and internal design will be refocussed to better reflect what is practical in this

location and within the proposed budget. The outdoor facilities will be removed from the feasibility brief at this stage to allow a better assessment of provision after the design of the main building has been agreed. All tenders will be required to conform to RIBA Stages 1 & 2 so that its clear how the building will be used, its purpose, ongoing management and maintenance, including sustainability requirements and to provide a consistent basis for the review of tenders and appointment of an architect.

- 1.4 Overall, Officers consider that these would greatly improve the brief and produce more meaningful tenders. The tender process for commissioning the feasibility will be re-activated once the brief is agreed with the aim of presenting a final design for approval in September and the project timetable updated accordingly.

2. Recommendations

The Committee is RECOMMENDED to:

- 1) Endorse the work to date to regarding the development of a feasibility study brief and the conclusions as set out in paragraph 1.3 of this report.
- 2) Note the updated timetable for the delivery of this work (Appendix A).

3. Financial Implications

There are none arising from this report.

3.3 Request for extensions to 2018/19 Grants

- 3.3.1 Three organisations which were awarded grants in 2018/19 have to date been unable to utilise their funding. These are as follows:
- 3.3.2 Jamie's Wish – The organisation had been awarded and paid a grant of £300 towards holding a Character Lunch in Littlehampton. Due to a range of unforeseen circumstances including and most notably the relocation of the charity's offices the event has not been able to be progressed. The organisation has put forward a request to the Town Council asking if they can reallocate the funding towards rental of their new office. The Character Lunch has been put on indefinite hold for the moment with the focus being on the annual Family Fun Day as a priority. Alternatively, Members may wish to permit the funding to be used towards the Family Fun Day event as this would have more synergy with the aims of the Character Lunch as a fundraising mechanism for the charity. Members are asked to consider the change of use of the funding and a one-year extension to the terms of their grant.
- 3.3.3 The Littlehampton Tea & Chat Club – The Club had been awarded and paid a grant of £80 for a new tea urn. Unfortunately, due to a variety of changes to the building and the main stalwart volunteer being away from the Club the urn is yet to be purchased. Members are recommended to approve the one-year extension to the terms of their grant.
- 3.3.4 Littlehampton Sea Cadets – The Club had been awarded a grant of £500 for building works at the Cadet Headquarters – this is yet to be released. To date these works have not been completed as the remainder of the funding is being sought. Members are recommended to approve the one-year extension to the terms of their grant.

4. Financial Implications

- 4.1 The total grants applied for this year is £61,949. The annual budget is currently £20,000.
- 4.2 Recommendations for funding currently total £19,580.
- 4.3 The funding of £500 for the Littlehampton Sea Cadets is held within EMR. If Members do not approve an extension to the terms of the grant then a decision is required as to whether to keep the £500 in EMR or return to General Reserves.
- 4.4 The grant for Jamie's Wish and the Tea & Chat Club formed part of the 2018/19 Grant Aid budget and were paid out.

- 3.3.4 The £286 underspend in General Grants has been transferred to EMR.

3.4 Community

- 3.4.1 Expenditure is in line with expectations. Although an overspend shows in expenditure, this is mainly due to expenditure being offset by income, including £6,000 sponsorship for Armed Forces Day.
- 3.4.2 £6,959.85 from CRC Initiatives has been earmarked.
- 3.4.3 £950 underspend from events has been earmarked.
- 3.4.4 £4,600 underspend from the Event Support budget has been carried forward to the 2019/20 budget as agreed during the budget setting process.

3.9.2 Income was higher than expected, largely due to plot reinstatement and rotavation income.

3.10 Heritage Lottery Grant

3.10.1 The remaining £12,320 of Grant Funding was received in 2018/19.

3.10.2 £2,724 was spent from the earmarked Grant received in 2017/18.

4. Budget Monitor 2019/20

4.1 Members are reminded that Income and Expenditure is not always received, or paid out, evenly throughout the year. Therefore, fluctuations will occur as to the percentage of the budget used even when the Income or Expenditure is expected to be in line with the budget by the end of the financial year.

4.2 Expenditure to 23/05/2019 from the 2019/20 budget has been included at Appendix 3. Expenditure is in line with expectations. As it is early in the financial year the following paragraphs add clarity.

4.3 Most of the Service Funding Agreements have been sent out. General Grants are the subject of an earlier report on this agenda.

4.4 The first quarters payment has been sent to Arun Community Church.
