## Mayor's message

I am honoured and humbled to be elected as your Mayor. Passionate about our town, I have lived in Littlehampton all my life and I am a Town Councillor for Wick Ward.

My two chosen charities for my Mayoral year are Littlehampton RNLI and The Fire Fighters Charity. Run entirely by wonderful volunteers, our town hosts one of the busiest

RNLI stations in the country. The Fire Fighters Charity does equally brilliant work, providing social wellbeing and physical and mental health support to fire fighters, while also extending care and compassion to the families of these brave men and women. I think I speak on behalf of us all when I say how grateful we are for our emergency services. To be able to give something back is beyond a privilege. I hope you will join me in raising money and awareness for both charities. Thanks must also go to our previous Mayor, Billy, who raised a fantastic sum for Arun Youth Projects. He is an inspiration to me.

I'm so very excited to begin my Mayoral year and I am looking forward to meeting you at one of our fantastic Littlehampton events this summer.

With warm regards,

Cllr. Tracey Baker, Town Mayor

## BIG News for YOUR Town

### A vision for Keystone Youth Centre

LTC and Arun District Council are exploring the possibility of replacing the existing Keystone Centre in Eldon Way, Wick, with a modern and versatile facility to better meet the needs of young people and the wider community.

Following a public consultation earlier in the year at which residents expressed their support, LTC has now commissioned a feasibility study. The Keystone Centre Management Committee support plans for the ambitious project and welcome the study. The final outcome will be considered by both Councils in the Summer.

### ON THE ROADS: MAJOR HIGHWAYS UPDATE

#### Scheme 1: Fitzalan Road Extension/Lyminster Bypass

Promising to bring much needed relief to the traffic congestion around the north of the Town, this scheme is being delivered in three phases: north and south of the A259 and from the new development (Hampton Park) to north of Lyminster. Following the granting of planning permission for the southern section (LU/278/17/RES) of the Bypass, site clearance began in the Spring with construction work expected to get underway in the Summer.

This will link to the Fitzalan Road extension which is currently under construction and provide a route through to East Street and the seafront. West Sussex County Council was granted planning permission for the northern section of the Lyminster Bypass (WSCC/049/18/LY) and has begun land acquisition. As far as is possible, this section of the Bypass will be constructed off-line from the existing road network to minimise disruption to road users during the works. Construction is expected to start in late Spring 2020.

#### Scheme 2: A259 Improvements

Site clearance work has been underway since early Spring in order to allow West Sussex County Council to create a through dual carriageway from the Goring Crossways junction to the Fitzalan Road/ A259 new roundabout. The main construction work is scheduled to start in the Autumn. Together with the planned Lyminster Bypass, the improvements to the A259 will make travelling around this part of the south coast significantly easier, although residents should be aware that these essential works will be an inconvenience for some time.
