- 2. Filming of Council Meetings, Use of Social Media and Mobile Phones**

During this meeting, the public are allowed to film the Committee and officers only from the front of the public gallery, providing it does not disrupt the meeting. Any items in the Exempt Part of an agenda cannot be filmed. If another member of the public objects to being recorded, the person or persons filming must stop doing so until that member of the public has finished speaking. The use of social media is permitted but all members of the public are requested to switch their mobile devices to silent for the duration of the meeting.

3. Apologies

4. Declarations of interest

Members and Officers are reminded to make any declaration of disclosable pecuniary or personal and or prejudicial interests that they may have in relation to items on this Agenda.

You should declare your interest by stating:

- a. the item you have the interest in
- b. whether it is a disclosable pecuniary interest, whereupon you will be taking no part in the discussions on that matter, or
- c. i. whether it is a personal interest and the nature of the interest
- ii. whether it is also a prejudicial interest
- iii. If it is a prejudicial interest, whether you will be exercising your right to speak under Public Forum

It is recorded in the register of interests that:

- Councillor Buckland is a Member of Arun District Council
- Councillor Tilbrook is a Member of Arun District Council

These interests only need to be declared at the meeting if there is an agenda item to which they relate.

5. Minutes

To confirm the Minutes of the meeting held on 10 October 2022, circulated herewith, pages 4 to 11. In accordance with the Town Council's Standing Orders, Section 9a, Members are reminded that no discussion of the draft minutes of a preceding meeting shall take place except in relation to their accuracy.

6. Chair's Report and Urgent Items

7. Public Forum

Members of the public are invited to ask questions or raise issues which are relevant and are the concern of this committee. A period of 15 minutes is allocated for this purpose. If possible, notice of intention to address the Committee should be given to the Clerk by noon of the day of the meeting.

8. Planning and other Arun District Council Matters

8.1. Standing Orders and Urgent Actions

8.2. Planning Applications

Lists 41, 42, 43 and 44 if available, attached, pages 12 to 13.

9. Transportation and other West Sussex County Council Matters

10. Masterplan – North Littlehampton

11. Exempt Business

It is Recommended that:

The public and accredited representatives of the press be excluded from the Meeting under Section 100 Local Government Act 1972 due to the confidential nature of the business to be conducted.

**Minutes of a Meeting of the Planning and Transportation Committee held in
The New Millennium Chamber, Manor House, Church Street, Littlehampton
BN17 5EW on Monday 10 October 2022 at 6.30 pm**

Present:

Councillor Tandy – Chair
Councillor Buckland
Councillor Long
Councillor Tilbrook
Councillor Turner
Councillor Woodman

2022 to 2023

45. Evacuation Procedures

The evacuation procedures were noted.

46. Filming of Council Meetings, Use of Social Media and Mobile Phones

The procedures were noted.

47. Apologies

There were no apologies.

48. Declarations of Interest

Members and Officers were reminded to make any declarations of disclosable pecuniary or personal and or prejudicial interests that they might have in relation to items on the Agenda. The standing declarations were noted.

Councillor Turner declared a pecuniary interest in item 52.2 LU/299/22/PL Land North of Littlehampton Academy as her property backed onto the site. She therefore confirmed that she would leave the meeting for this item*.

49. Minutes

The Committee received the minutes of the meeting held on 15 August 2022, previously circulated, were confirmed as a true record and signed by the Chair.

50. Chair's Report and Urgent Items

50.1. Rampion 2 Update

The Assistant Town Clerk updated members that the previously reported stakeholder meeting had been postponed and rescheduled to take place on 13 October 2022. Councillor Buckland advised that he would unfortunately not be unable to attend.

It was Resolved that:

The update be noted.

50.2. Notice of Appeal LU/417/21/OUT North Littlehampton

The Committee was advised that an appeal had been lodged regarding the above application and a hearing was planned for 15 November 2022.

It was Resolved that:

The update be noted.

51. Public Forum

There was one member of the public present. There were no questions from the public.

- 51.1. There was one written representation from Mr Haines, a resident of Holly Drive, regarding the Planning Application LU/263/22/RES, the proposed new allotments. This was circulated to Members of the Committee together with Mr Haines's detailed letter of objection which had also been registered on the planning portal.
- 51.2. In summary, Mr Haines had stated that there were already a number of objections to the application which centred upon the parking provision and the potential impact on residents at Holly Drive. Whilst Mr Haines did not object to the proposed introduction of the allotments, the application itself did in his view lack clarity, information, and detail such that any interested parties could not assess the full nature of the intent nor the detail. He therefore suggested that the Town Council withdrew its support for this application in its present format pending the resolution of the issues that had been raised by the responses to the planning consultation and then decide whether to support the planning application or not.
- 51.3. In response, the Chair thanked Mr Haines for his representation. It was noted that the allotments at this site were a condition of the North Littlehampton, now Hampton Park, development application. The initial plans were drawn up by the developer with input from the Town Council, who would also eventually take on the ownership and management of the site. The parking provision proposed was based on the Town Council's experience of managing other allotments and included consideration of access and safety for both allotment holders, those undertaking maintenance and nearby residences. Consequently, provision for access over and above the occasional maintenance vehicle was not envisaged by the Town Council as part of the plans.

51.4. In acknowledging residents' concerns Members also noted that following the representation made by West Sussex County Council, the relevant authorities including the Town Council had already met. This was welcomed and it was noted had also resulted in the start of a detailed review of the proposals including the issues raised during the planning consultation process. This did not change the Town Council's support for the plans and the Council would continue to collaborate on the review of the application.

52. Planning and Other District Council Matters

52.1. Standing Orders and Urgent Actions

The Urgent Action regarding responses to planning applications on Plan Lists 33 to 36 following the cancellation of the meeting on 12 September were noted.

52.2. Planning Applications – Lists 37, 38, 39 and 40

It was Resolved that:

The representations of the Council, appended to these Minutes as Appendix 1, be forwarded to Arun District Council.

*Councillor Turner left the meeting at 7.13 pm.

52.3. Planning Application LU/299/22/PL Land North of Littlehampton Academy

52.3.1. The Committee received details of the above planning application which contained proposals for 117 dwellings and associated landscaping on land north of the Academy and adjacent to Oakcroft Gardens. Members proceeded to review the application in more detail and in doing so referred to the pre-planning presentation that was given to the Committee earlier in the year. The following points were noted from the ensuing discussion:

- Reviewing the energy efficiency of the proposed dwellings, whilst the use of air source heat pumps was welcomed, Members were disappointed that there were no solar panels. It was felt that in the context of Policy ECC SP2 of the Adopted Local Plan, this was a missed opportunity.
- The proposed access to the site by way of a priority junction with a right turn on the Fitzalan Link Road was also considered unsafe. This had been highlighted by the Committee at the pre-planning stage. Emphasising that the Link Road was becoming busier, and that usage would increase as the developments further north grew, Members were disappointed that their suggestion of a left turn in and left turn out access had not been adopted. It was considered that this aspect of the scheme should be reviewed.
- There was concern regarding the distribution of affordable housing which in the view of the Committee did not reflect the requirements of Policy AH SP2 of the Adopted Local Plan. The grouping of the affordable housing and positioning of some of it on the main thoroughfare was not viewed as well mixed and it was also observed that the Policy stated that large groups should be avoided.
- There was concern over the removal of at least 22 trees which also provided shielding from the new development at Daisyfields. This was questioned as there had been assurances that the trees here would be retained. Observing that the District Council's Tree Officer had yet to comment on the proposals,

Members sought clarification on how this would impact the ecology of the site, and more detailed plan.

- The density, design and layout were also questioned. Observing that the number of dwellings had increased from 113 to 117, it was felt that some elements of the original scheme had been sacrificed so that more houses could be added. Overall Members considered the design unimaginative, that the housing was crammed in and were also disappointed that room sizes were only just over the minimum of what was required.

52.3.1. Finally, Members reviewing the proposed Section Heads of Terms, Members questioned the inclusion of provision for a contribution towards the management of Pagham Harbour. Members wished to see the Town Council engaged in the negotiation of this agreement and the inclusion of contributions towards the allotments, the Museum, and the new community centre in North Littlehampton.

The Committee therefore Resolved to:

Object to the application and in doing so that the comments as set out in Minutes 53.2.1 to 53.2.2. above be forwarded to Arun District Council.

*Councillor Turner re-joined the meeting at 7.38 pm.

52.3. Arun District Council Hackney Carriage and Private Hire

The Committee had before it, previously circulated, details of the revised Vehicle Licensing Policy.

It was Resolved that:

The update be noted.

53. Transportation and West Sussex County Council Matters

53.1. England Coast Path in West Sussex

The Committee received the notification from the County Council, previously circulated, confirming that work had started on the West Sussex section of the Scheme. It was noted that the Town Council would be contacted when these reached the parish.

It was Resolved that:

The update be noted.

54. Masterplan – North Littlehampton

There was nothing further to report.

55. Exempt Business

There was none.

The meeting closed at 7.40 pm.

37	Beach	WT	LU/282/22/TEL	Prior approval under Schedule 2, Part 16, Class A for a proposed 15m height slim line phase 9 monopole and 3 No additional ancillary equipment cabinets and associated ancillary works.	Corner of Beaumont Park and Finisterre Way Littlehampton	Objection. The Committee maintained its previous objection in that the development would have an adverse impact on views and amenity of nearby residents and users of the shop and busy highway. It was also noted that the previous decision (LU/176/22/TEL) required that 'the mast and ancillary cabinets shall be in the colour RAL6009 Fir Green'. Observing that the pole was now grey, it was considered that it no longer met Policy TEL DM1 of the Local Plan which required that: 'equipment should be sympathetically designed and camouflaged'. Overall Members held the view that there were other grassed areas it could be located with less footfall and not so near residential properties.

Section 48 Planning Act 2008
Regulation 4 The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009

RAMPION 2 OFFSHORE WIND FARM
NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER (DCO)

Notice was given in 14th July 2021 that Rampion Extension Development Limited ("RED") ('the Applicant') of Greenwood House, Westwood Way, Westwood Business Park, Coventry, CV4 8PB proposes to apply to the Secretary of State under Section 37 of the Planning Act 2008 for a Development Consent Order ('DCO') for the construction, maintenance, operation and decommissioning of an offshore wind farm known as Rampion 2 ('Rampion 2').

Following the notice, the Applicant undertook consultation in accordance with the Planning Act 2008 and the Infrastructure Planning (Applications: Prescribed forms and Procedure) Regulations 2009 ('Statutory Consultation') between 14 July and 16 September 2021 which was then re-opened for a period between 7 February and 11 April 2022.

In considering the responses to the Statutory Consultation, and its further environmental assessment and engineering works, the Applicant has identified a number of alternative and modified cable route and additional access options and potential locations for new working areas and methods which are located beyond or within the previously identified onshore cable corridor. The proposed changes can be seen on plans that can be found at www.rampion2.com/consultation from 18th October to 29th November 2022. To ensure that all parties with an interest in the works and/or land affected are consulted on the proposals the Applicant is now undertaking further Statutory Consultation informed by a Preliminary Environmental Supplementary Information Report (PEIR SIR). The Applicant proposes to make an application for a DCO for Rampion 2 once it has finalised its proposals, having regard to the responses to this further Statutory Consultation.

The Project

Rampion 2 will have a proposed generating capacity in excess of 100 MW, and will be located around 13km from the Sussex coast at its nearest point. The proposed wind turbines and offshore substations will be constructed within an offshore array area adjacent to the existing Rampion Offshore Wind Farm. Export cables from the offshore array area will make landfall at Climping, West Sussex. The onshore elements of the proposal comprise a transmission cable route running from the landfall at Climping to a new project substation at the Oakendene site, near Cowfold, Horsham District. The cable route then connects to the existing National Grid Bolney Substation in Twineham, Mid Sussex where the project will be connected to the national electricity transmission system.

The proposed development consent order will, amongst other things, licence and authorise:

- The construction, operation and maintenance of up to 90 offshore wind turbines and associated foundations;
- Construction of up to three offshore substations;
- Cables laid on or beneath the seabed between the wind turbines and offshore substations and between the substations themselves;
- Export cables to transmit electricity from the offshore substations to the shore;
- A landfall located at Climping Beach using Horizontal Directional Drilling installation, with transition joint bays to connect the offshore and onshore cables;
- Onshore underground cables with jointing pits to transmit electricity to a new onshore substation at the Oakendene site, near Cowfold, West Sussex. It is expected that the onshore cables will be laid within a corridor, the majority of which shall have a temporary working width of up to 50m;

- The construction and operation of an onshore substation at the Oakendene site;
- Underground cables between the new Oakendene substation and the existing Bolney substation to connect the offshore wind farm to the national electricity transmission network;
- The permanent compulsory acquisition of land and/or rights for the Project, where required;
- Overriding of easements and other rights over or affecting land as required for the Project;
- The application and/or disapplication of legislation relevant to the Project including inter alia legislation relating to compulsory purchase;
- If required, the closure and diversion of public rights of way and streets on a temporary and permanent basis; and
- Such ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient.

Rampion 2 is an EIA development for the purposes of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed development requires an Environmental Impact Assessment and the proposed application for a DCO will therefore be accompanied by an Environmental Statement. Accordingly, the Applicant made preliminary environmental information available as part of the initial Statutory Consultation and is also making available supplementary environmental information as part of this further Statutory Consultation.

This further Statutory Consultation on the Rampion 2 Wind Farm will begin on **18th October 2022** and end on **29th November 2022**. During this time copies of the consultation materials comprising documents, plans and maps showing the nature and location of the proposal will be made available. These include the Consultation Booklet, the consultation response form, the previously published Preliminary Environmental Information Report (PEIR) and a Supplementary Information Report to the PEIR that has been produced for the new proposals. These documents will be available for inspection, free of charge, on the project website www.Rampion2.com/consultation. Hard copies will be available to view and the materials may also be inspected on computers accessible to the public at the following libraries during the consultation period (subject to any changes to library opening hours: please check with libraries directly or via their website in case of changes to normal opening times):
